## YOUR FAMILY MEMORIES

I hope you enjoyed your photoshoot and love your online gallery – but don't just leave those images online. Included in your package is a matching set of mini printed images so that you get to adorn your walls and enjoy your images, but there are many ways to love them.

Having your images of your loved ones printed and put on the wall makes a house a home. They make you smile every time you walk past, and remind you of your motherhood journey.

Whether it's printing your images to hold in a memory box, neatly filed in a personalised album, or printed on the biggest framed canvas, make sure your images are more than just digital images.

Have you considered what you are going to do with your images?

Your gallery is ready! The exciting words you have been longing to hear since you left your photoshoot! Now is the chance for you to enjoy your family portraits and select the images you want to love forever. These will then be final edited and returned to you, for you to download.

Please remember to download your images (do not screenshot) within 30 days so that you can continue to enjoy your precious memories for years to come.

Soon, you will also receive a matching set of mini printed images (6x4") which you will be able to enjoy - but there are so many more ways to cherish your family photos.

Here is a selection of the most beautiful and luxury printed products which I supply using the most trusted printing labs.

# LOVE NOTES

Malika made us feel welcome from the moment we arrived. We loved every minute of our session and Malika created a wonderful, relaxed environment. We are absolutely over the moon with our pictures and are so grateful for the precious family memories! Cannot recommend Malika enough, we'll definitely be back for more photos in the future!

Kate

Malika made us all feel so comfortable and took time to get to know us as a family and what we wanted from the shoot. I'm not particularly great in front of a camera but I was made to feel at ease at all times and we achieved so many beautiful shots. Her client wardrobe is wonderful and made the whole process less stressful as I was able just to arrive without thinking about what I would wear. From the booking process to the final edit and order Malika has made every step easy, relaxed and enjoyable - not to mention her photography style is incredibly natural and beautiful.

Emily

From start to finish, Malika provided a 5-star service. I had never had professional photos taken and I was immediately placed at ease in her stunning home studio in Harrogate. The experience and images are like nothing I could dream of. Her attention to detail, experience and talent is second to none and the prints we have will be treasured forever by my family and I look forward to our next photo shoot!
