KIND WORDS

"Malika made us all feel so comfortable and took time to get to know us as a family and what we wanted from the shoot. I'm not particularly confident in front of a camera but I was made to feel at ease at all times and we achieved so many beautiful shots. Her client wardrobe is wonderful and made the whole process less stressful as I was able just to arrive without thinking about what I would wear. From the booking process to the final printed gallery and albums, Malika has made every step easy, relaxed and enjoyable - not to mention her photography style is incredibly natural and beautiful. We can now cherish these images in our home and enjoy them every single day "

A little note from me...

I always encourage families to choose with their heart rather than simply the number of images.

These photographs become more precious with every passing year, and often its the tiny in-between-moments, the sleepy stretches, the cuddles and the quiet glances, that become the memories you treasure the most.

Whatever collection you choose, my hope is that your photographs become part of your families story for generations to come.
