# CONGRATULATIONS

ON YOUR ENGAGEMENT!

---

First of all- a HUGE congratulations! If you are here, then you are likely planning your dream wedding day that's deeply meaningful, full of connection with moments you'll want to remember long after the sun has set on your wonderful day.

My approach to wedding photography is simple and intentional- to document your day as naturally as it unfolds. Honest moments genuine emotion and the quiet in between details that make your story uniquely yours.

This guide outlines collections I offer. If my style and attention to detail resonates with you, I would be honored to document your wedding day and create a collection of images which feel effortless, authentic and perfectly you.

# YOUR WEDDING DAY

---

On your wedding day, my role is to observe carefully, anticipate moments and document the day with quiet precision. From the considered details you've chosen, to the fleeting exchanges that occur naturally, nothing is overlooked.

I work with a calm, unobstructive presence, allowing events to unfold while remaining attentive to light, composition and timing. This approach ensures every image is created with intention, balancing natural emotions, with a refined, editorial style.

When guidance is needed, I offer gentle direction to create flattering, relaxed portraits. The result is a cohesive collection that reflects how your wedding day looked, but also how it felt—elegant, personal, and thoughtfully curated from bridal prep to first dance; your wedding day is perfectly documented.

“AMAZING!!!! Honestly, don’t look any further if you’re looking for a photographer for your family. Not only is Malika an amazing photographer, she’s such a lovely person. She makes you feel so comfortable, you don’t feel like you’re on a photoshoot, just feels like you’re at your friends house, very relaxed.

Her photos, wow!!!! They are so natural but so professional!!! When I received my gallery I was so full of emotion- it was so overwhelming and so lovely to look through everything she captured. I can’t wait to print them all for my wall and treasure these forever. Thank you so much Malika”
