Family photographs matter. As we age, those moments stay frozen as memories.

Included in your package is a selection of mini (6x4') matching printed images. These are perfect for memory boxes, keepsake albums or small frames. There are so many more ways to celebrate your images. I have handpicked a selection of luxury fine art printed products to help you enjoy your portraits long after your photoshoot.

Remember to print your images. Celebrate them. Love them. Fill your home with your family portraits and enjoy them every day.

The possibilities with printing are endless. If you have something in mind, I would love to help make it happen.

I only use the very best suppliers for your images. There is a HUGE difference in high quality printed images. If you would like to know more about your printed images, please let me know- I would love to show you.

Kind Words

“Malika made us all feel so comfortable and took time to get to know us as a family and what we wanted from the shoot. I’m not particularly confident in front of a camera but I was made to feel at ease at all times and we achieved so many beautiful shots. Her client wardrobe is wonderful and made the whole process less stressful as I was able just to arrive without thinking about what I would wear. From the booking process to the final edit and order Malika has made every step easy, relaxed and enjoyable – not to mention her photography style is incredibly natural and beautiful.”
